

House Practice Booking Procedures

The following are the 2009 guidelines for booking practice time during the season.

(This only applies for Skinned Fields. All All-weather fields are not part of this process. They are to be managed by the traditional "First come, First served approach.

Booking Process:

Contact Rick Bridges either by

Phone: 604-942-9499 or

Email: richard.bridges@telus.net at least 3 days prior to your practice day.

Leave a message or note, I will respond back to your request via email with confirmation of a field and time.

In your request supply the date you are looking for practice time and the time for that practice.

Number of Practices that can be book:

House Coaches can only book one time per call to a maximum of 2 practices a week. A week is the standard 7 day period starting on a Sunday and ending on the following Saturday

Reasons for Implementation of Booking Process:

- 1.) Facts and Data are needed to put together our 2009 Field Allocation requests to the City as we move to a "per hour" payment model
- 2.) We need to prove to the City and other associations we are utilizing our contracted fields effectively
- 3.) Eliminate conflicts with other associations using the fields under our contracts

Please ensure that you **DO NOT** book practice times unless you are serious about using that time. We are coming under increasing scrutiny on our effective use of fields allocated to this association.
